NEW CAMPUS

FACT SHEET

When the state of Israel was established in 1948, the number of Jewish followers of Jesus in the country was 23 (individuals), and no churches of local believers at all. Up to 10 years ago, there has been very little exposure of Jewish Israelis to the gospel. Currently, the state of Israel has 9.5M citizens – 1.5M Arabs and 8M Jewish.

For the past 10 years, the Lord has used One For Israel's outreach in a dramatic way, for unparalleled exposure to the message of Jesus, literally not seen since the book of Acts. One For Israel's evangelistic videos in Hebrew have been viewed more than 64M times! Recent research indicated that the number of Jewish followers of Jesus in Israel has conservatively estimated at 30,000, worshipping in more than 300 congregations and churches around the country. The gospel that has begun in Jerusalem 2000 years ago, is finally coming back in power also to Israel!

Importantly, One For Israel serves not just the Jewish followers of Jesus in Israel, but also the Arab believers. This is evident in our staff, students, and outreach team.

ONE FOR ISRAEL'S NEW NATIONAL CAMPUS

As a national ministry – we operate the only accredited Bible College & Seminary in Israel, serving the entire church - most pastors in Israel have been trained with us. For the past 13 years, One For Israel has been residing in a commercial building in Netanya, central Israel. We have outgrown this facility years ago, and since 2013 begun a nation-wide search for the our future campus. One For Israel's offers to purchase various properties were rejected a few times due to our Christian faith.

The New Campus – built from scratch in a favorable location outside of Jerusalem, on the road to Emmaus. Contract is signed, and permits are requested.
